CIRCULAR

Subject: Centralized Time Table Slots for B.TECH (Even Semester, AY 2021-22) for 2nd /3rd/ 4th final year.

Classes for the Even Semester of AY 2021-22 will commence from January, 2022. As per the University directives, following guidelines are to be adhered while preparing the Time Table (TT) for the Even Semester, AY 2021-22:

a. The laboratory classes will be held in physical mode. All the HODs are requested to ensure that the lab classes for each section must be adjusted in maximum two days in a week as far as possible.

b. All the theory classes may be arranged in remaining days of the week ensuring proper room allocation for the classes.

Further for the smooth conduct of **Minor specialization,** following guidelines have been proposed by University Time-table Committee (UTTC) for Even Semester, 2021-22.

Guidelines for 2nd year (Even Semester) time table

1. Core courses of 2nd year which are included in the Minors offered by the department must be assigned in slots E1 to E4 as given in Table 1. The department having multiple sections for a discipline must ensure that the TT of at least one section should be prepared as per given slots. This will facilitate students of 3rd/4th year, who are pursuing any Minor specialization, to register for minor core subjects of 2nd year against their electives.

2. No class should be scheduled between 10 am to 12 noon (following the FEC slots FEC1 and FEC3) on Tuesday and Thursday to facilitate students to commute to/ from their residence for attending online/offline classes.

3. Time Table of core course should be prepared so as to accommodate the reregistered students of the 3rd year.

4. A template time-table adhering to above guidelines has been placed at Table 4 for the ready reference.

Guidelines for 3rd year (Even Semester) time table

1. The Slots for core and elective courses for 3rd year are shown in Table 2.

2. Slots for core course (excluding core courses of 3rd year which are included in any of the Minor specialization) have been marked as **Core.**

3. The elective slots A, B, C, D and O used till Odd semester 2021-22 are renamed as slots E1 to E5.

4. All elective course of 3rd year (**including** electives in the Minor basket) are to be offered in E1 to E5.This can be used for a combined/separate section for 3rd and 4th year students.

5. Slot E6 is earmarked for only those **core courses of 3rd year** which are included **in the Minor core basket.** It is to be ensured that in slot E6 no other core/elective course should be assigned.

6. **The core courses of 3rd year** that are also included **in the basket of elective courses of Minor specialization** must be offered in the slots E1 to E5 only. This will facilitate those **3rd/4th year** students who have registered for these courses under Minor specialization.

7. Time Table of core course should be prepared so as to accommodate the reregistered students of the 4th year.

Guidelines for 4th year (Even Semester) time table

1. The Slots for core and elective courses for 4th year are shown in Table 3.

2. The earlier nomenclature of slots (P,Q,R,S) is revised now.

3. Slots for the all core course of 4th year (excluding those core courses which are included in any the Minor specialization) have been marked as **Core** in Table 3.

4. The elective course **of 4th** year, are to be offered in slots E1 to E8 except E6. However, the electives which are also included in Minor specializations must be offered in the slots E1 to E5 only. This will facilitate registration of those 3rd year students who are pursuing any Minor specialization.

5. Slot E6 is earmarked for only those **core courses of 4th year** which are included **in the Minor specialization basket.** It is to be ensured that in slot E6 no other core/elective course should be assigned. This slot can be used for a combined/separate section for 3rd and 4th year students.
